Losers Populate TV

in political arena. Kind
of Washington Squares
featuring those who allowed

themselves to be raped,
& thus can caution
prospective victims. Of-

fering, too, advice to
the rapists! Lotza laughs!

Looks as though these
mouth-breathers, despite

themselves, might rule
next. Though the Vicious do

harbor surprise &
would Swiftboat
God if need be. So,

Vicious vs Vacuous.
Interesting pick

if machines not fixed.
My Florida one spit
my ballot out. 2d try:

Correctly Changed &
I still feel the pain.

Paranoid! Sheep,
& reporters, say. But if

the Vicious choreograph results,
why bother with campaigns?

Vacuous might fall this time
legitimately, & institute
Washington Squares 2. Could

signal death of politics
& the medium together.

Double Header, as
in Black Sox era.
But...doesn’t follow!

When game is over,
can’t be thrown.
The future tragedy.
